VTS Homes Recognized Among the Nation's Best for Its Commitment to Customer Service by GuildQuality

Only Homebuilder in Alabama to Receive Guildmaster with Highest Distinction Honor

Huntsville, Ala., May 17, 2013 – VTS Homes™, Inc., a leading custom homebuilder in north Alabama, has been awarded the **2013 Guildmaster Award with Highest Distinction** for exceptional customer satisfaction. For the past two years, VTS Homes is the only homebuilder in Alabama to be awarded GuildQuality's highest honor.

GuildQuality, an independent customer satisfaction surveying company, has provided the Guildmaster Awards since 2005 to celebrate service excellence in the building, remodeling, contracting, and real estate professions. To be eligible, VTS Homes provides its complete, unabridged homeowners list and requests that they participate in the Guildmaster survey. During the past year, 98% of its clients responded to the survey and collectively provided a perfect, 100% recommendation rating.

"Receiving the Guildmaster Award with Highest Distinction for the second consecutive year is a great honor," said Rob Owens, president, VTS Homes. "I'm very proud of my team's commitment to our home buyers and pleased that our countless hours of hard work, integrity and dedication to doing the job right have been recognized again by GuildQuality."

To learn more about the 2013 Guildmaster Award winners and qualifications, visit www.guildquality.com/guildmaster.

About VTS Homes

VTS Homes is where Value meets Tradition and Stability. With over 80 years of combined home building experience, VTS Homes was launched by three of the industry's most respected home builders: Rob Owens, David Slyman and Todd Slyman. VTS Homes is proud to offer North Alabama home buyers all the amenities you would expect in a custom home with the efficiencies and system typically seen with larger Home Builders. The founders of VTS Homes

also believe in giving back to others. For every home sold, VTS Homes is committed to making a donation to build a home in Haiti through our non-profit partner, Food for the Poor. For more information, visit www.vtshomes.com.

About GuildQuality

GuildQuality's community of quality includes the best remodelers, homebuilders, developers, and home services contractors in the United States and Canada. By using GuildQuality's independent surveying, members collect objective feedback from their customers and use that feedback in their pursuit of continuous improvement in the quality of their service.
